

TRADITIONAL PROGRAM LOGISTICS

Invent Now partners with school districts and organizations nationwide to provide high-quality enrichment in **science, technology, engineering, and math (STEM)** for children entering grades one through six. Led by local educators, the Club Invention program is an exciting, weeklong experience that promotes creative problem solving and teamwork – life skills essential to success in the 21st century.

The Club Invention program is all-inclusive – including cutting-edge curricula, all program materials, promotional assistance, and staff training and compensation – for turnkey ease of implementation. Here's how the partnership works...

Invent Now Provides:

- Complete curricula and lesson plans
- Alignment with national state education standards
- All materials necessary to facilitate curricula
- Staff training and compensation
- Central registration system
- Flyers, banners, and posters
- News releases to local media
- Free T-shirts for program staff and participants
- Liability insurance for school district, host location, and program staff
- Financial bonus for programs that run at capacity

Host School Provides:

- Five classrooms and cafeteria or gymnasium
- Access to refrigerator and outdoor play space
- Access to copy machine (Invent Now supplies the paper)
- Mention in school newsletters and community education brochure
- Assistance in distributing flyers and brochures
- Minimal custodial services (emptying trash, replenishing bathrooms, and providing mops and brooms for use by program staff)
