CELEBRATING 3 DECADES OF INSPIRATION

SPONSOR

B E N E F I T S

Collegiate Inventors Competition[®]

Each year since 1990, college students from across the nation present their groundbreaking work to a panel of Judges composed of National Inventors Hall of Fame[®] (NIHF) Inductees and United States Patent and Trademark Office (USPTO) officials.

As Finalists, students have the opportunity to showcase and demonstrate their inventions and have the unique opportunity to win cash prizes and network with inventors.

We've been hearing about the importance and impact of the Collegiate Inventors Competition[®] (CIC) from our alumni and are focused on ensuring CIC remains a prime opportunity for young inventors – even when we are unable to gather in person.

In response to the ongoing COVID-19 pandemic, this year's CIC must adapt for the health and safety of our Finalists, Judges and event attendees. With this understanding, we will be holding a virtual CIC event for 2020. Event details are coming soon.

Collegiate Inventors Competition®

INVEST IN TODAY'S INNOVATORS AS WE CELEBRATE THREE DECADES OF INSPIRATION.

DIFFERENTIATE YOUR BRAND

Align your organization with an exceptional collegiate competition and gain national brand exposure through press, social media and digital recognition on event promotions.

#CIC2019 received 66K impressions on social media. Recent media hits include:

- [Knoxville \(TN\) News Sentinel](#)
- [Rochester \(MN\) Post Bulletin](#)
- [Today's Medical Developments](#)
- [The Homer Horizon Daily](#)
- [Inventor's Digest](#)

SUPPORT THE FUTURE OF INNOVATION

CIC partners provide participants with the unique opportunity to fast forward their innovation journey by:

- Winning cash prizes to help fund their invention
- Gaining valuable feedback on their inventions from innovation experts including NIHF Inductees, USPTO officials and patent examiners, and corporate leaders
- Showcasing their work to the public at the CIC Expo

MOTIVATE YOUR EMPLOYEES

Provide your employees with new and exciting engagement opportunities, including first-round judging.

DISCOVER NEW TALENT

Engage with the next generation of STEM problem solvers and idea leaders who are setting the stage for the next 30 years of innovation, and beyond.

Collegiate Inventors Competition®

HEAR FROM PAST CIC FINALISTS

“The community that this competition is fostering between the Finalists and Judges is awesome. There is so much creativity brought to this event and it’s cool to learn about the experiences other inventors have had.”

Elizabeth Bianchini

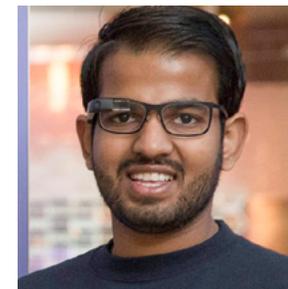

Massachusetts Institute of Technology
2018 Undergraduate Winner

“The publicity alone has been amazing. This is the first opportunity we’ve had to get our idea out there and now I get emails every day from around the country with people asking to join our clinical trial or asking when our device will be available to purchase. They all cite our status as CIC Finalists, so we are grateful for that.”

Clayton Andrews

Johns Hopkins University
2017 Undergraduate Winner

“Interacting with the National Inventors Hall of Fame Inductees means that you get feedback from people who have done this before. That mentorship is what helps you get to the end.”

Sarthak Srinivas

Georgia Institute of Technology
2017 Finalist
