

# INDUCTION CEREMONY

WASHINGTON DC ◊ MAY 7, 2026

HONOR ◊ INSPIRE ◊ CHALLENGE

# INSPIRING GENERATIONS OF INNOVATORS

Your support for the National Inventors Hall of Fame® reaches far beyond the annual Induction Ceremony to build a brighter future.

You make it possible to continue sharing the lessons of Inductees, not only at the National Inventors Hall of Fame Museum but also through nationwide invention education programs and competitions for emerging leaders in innovation.

Your partnership makes a lasting difference by sustaining our mission to recognize inventors, promote creativity, and advance the spirit of innovation and entrepreneurship.

Sumita Mitra, inventor of  
nanocomposite Dental Materials.

Front cover left to right: 2025 Inductees: Pamela Marrone, Richard Schatz, David Huang, Virginia Norwood and Jason McClellan.

## UNITED STATES PATENT AND TRADEMARK OFFICE

Over 50 years ago, the United States Patent and Trademark Office (USPTO) proudly cofounded the National Inventors Hall of Fame to recognize excellence in American innovation. As the driving force for our economy, innovation will ensure America's continued success.

With a shared mission to celebrate the world's most influential U.S. patent holders and ensure that America's rich history of ingenuity is carried into the future, the USPTO is honored to support the ongoing work of the National Inventors Hall of Fame.

At the NIHF Induction Ceremony, the Greatest Celebration of American Innovation®, we will gather with the Inductees whose work has shaped our world and together support their passionate mission to deliver an even brighter future. This year's remarkable class of 2026 is inducted as we celebrate America's 250th-year anniversary. Since our nation's birth, innovation has been one of the fiercest drivers of our cultural heritage as Americans inexorably pushed the frontiers of science and technology – integral to the American identity and our prosperity. From our Founders' conception of a new way to govern and protect liberty, innovators helped freedom flourish by creating inventions and brands that push the boundaries of what is possible for individuals and our society, allowing our nation to spark the engine of the world. The spirit of innovation is the spirit of America. And nowhere is it more evident than in this year's 2026 NIHF Inductee class.

Join us as the NIHF Induction events offer a unique opportunity to share an evening with our nation's intellectual property and innovation community, as well as with innovators who have literally changed the world through their creativity, inspiration and perspiration. For more information about the NIHF Induction Ceremony – the Greatest Celebration of American Innovation – please visit [invent.org/induction](http://invent.org/induction).

Sincerely,

John A. Squires

Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office

National Inventors  
Hall of Fame®

In partnership with

UNITED STATES  
PATENT AND TRADEMARK OFFICE ®

Inductee Kerrie Holley, inventor of Service-Oriented Architecture, with his wife and daughter.

## EVENT OVERVIEW

Held annually in partnership with the USPTO, the National Inventors Hall of Fame Induction Ceremony is the year's most prestigious event for leaders in innovation. Honoring the world-changing legacies of 656 Inductees since 1973, each year brings an inspiring new class of U.S. patent holders whose work has made our lives easier, safer, healthier and more fulfilling. Your organization can make a significant impact by honoring even more innovative heroes and inspiring the next generation.

**Join in the celebration and become a partner for the National Inventors Hall of Fame Induction Ceremony.**

## WHY SPONSOR

With this exciting event, a meaningful partnership begins. For more than 50 years, our nonprofit has connected young innovators across the country with exceptional role models: our Hall of Fame Inductees. With your support, what might we accomplish in the next 50 years?

## INVALUABLE PARTNERSHIP BENEFITS

Induction sponsors receive brand recognition before, during and after the Induction events. The National Inventors Hall of Fame also offers collaborative support to highlight your brand through our digital and social media channels, and public relations.

At the National Inventors Hall of Fame Museum, located at the USPTO headquarters in Alexandria, Virginia, exhibits offer even more sponsorship opportunities that may be tailored to your brand and philanthropic goals.

## CONNECTIVITY CHANGES EVERYTHING

Trace the evolution of wireless technology from the breakthroughs that power your smartphone to the everything-connected world of 5G at this exhibit sponsored by Qualcomm.

**Qualcomm**

## A LEGACY OF INNOVATION

Explore artifacts showing the evolution of major brands and see the difference between genuine and counterfeit products.
