

MATCH THE INVENTOR

TEST YOUR KNOWLEDGE OF THE NATIONAL INVENTORS HALL OF FAME® (NIHF) CLASS OF 2020!

Place the correct invention name below each inventor or inventor team.

- 1-MCP for Fruit, Vegetable and Flower Freshness
- Automatic Surgical Tourniquet
- Bend-Insensitive Optical Fiber
- Blowout Preventer (BOP)
- Center-Pivot Irrigation
- Computer Systems for Business Use
- Hard Hat
- Ibuprofen
- Laser Dermatology
- Mobile Robotic Material Handling for Order Fulfillment
- Modern Parachute
- Sports Bra
- Synthetic Lubricants

James Abercrombie and
Harry Cameron

Hint: Puts a cap on oil and gas wells.

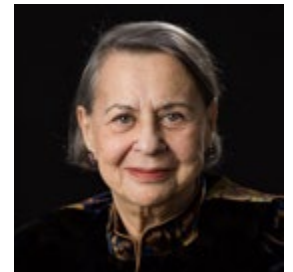

Stewart Adams and
John Nicholson

Hint: Relieves pain.

R. Rox Anderson

Hint: Uses light technology to heal.

Evelyn Berezin

Hint: Helped modernize airline reservations and word processing.

1. _____

2. _____

3. _____

4. _____

Sylvia Blankenship and Edward Sisler

Hint: Makes freshness a priority.

5. _____

Dana Bookbinder, Ming-Jun Li and Pushkar Tandon

Hint: Flexibility and signal strength are key.

6. _____

Edward W. Bullard

Hint: A construction zone essential.

7. _____

Lisa Lindahl, Hinda Miller and Polly Smith

Hint: A must-have for women's athletics.

8. _____

James McEwen

Hint: Improves surgical safety.

9. _____

Mick Mountz, Peter Wurman and Raffaello D'Andrea

Hint: Improves warehouse efficiency.

10. _____

Floyd Smith

Hint: The sky is the limit.

11. _____

Margaret Wu

Hint: Chemical compounds for automotive engines and industrial machinery.

12. _____

Frank Zybach

Hint: Technology that revolutionized agricultural production.

13. _____

Answer Key: 1. Blowout Preventer (BOP); 2. Ibuprofen; 3. Laser Dermatology; 4. Computer Systems for Business Use; 5. 1-MCP for Fruit, Vegetable and Flower Freshness; 6. Bend-Insensitive Optical Fiber; 7. Hard Hat; 8. Sports Bra; 9. Automatic Surgical Tourniquet; 10. Mobile Robotic Material Handling for Order Fulfillment; 11. Modern Parachute; 12. Synthetic Lubricants; 13. Center-Pivot Irrigation
