

Invention Project®  
GRADES 6-9

# PROMOTIONAL GUIDE

# SOCIAL MEDIA CONTENT – FACEBOOK

Below you will find prewritten social media posts to promote your local Invention Project program through your personal and/or school district social media profiles. Be sure to update the highlighted information to reflect your local program details.

## For In-Person Programs

Invention Project® 6-9 is coming to [Location] from [Date] to [Date]! Every day during this exciting program from the National Inventors Hall of Fame®, students will solve creative STEM challenges and gain confidence as innovative entrepreneurs. Register your middle schooler today at [invent.org/inventionproject](https://invent.org/inventionproject).

Are you looking for a fun program that will help your middle schooler explore circuitry, collaborate with others and start learning about business and entrepreneurship? Our in-person Invention Project® 6-9 program at [Location] will be the perfect opportunity for them! Sign up today for hours of brainstorming, designing and innovative problem-solving fun. [invent.org/inventionproject](https://invent.org/inventionproject)

## For At-Home Programs

When you sign up your middle schooler for the at-home Invention Project® 6-9 program with [Location], activity kits full of hands-on materials, step-by-step activity guides and creative challenges will be shipped directly to you! Your young innovator will unbox hours of exciting STEM challenges to stretch their imaginations. Register today at [invent.org/inventionproject](https://invent.org/inventionproject).

We're offering Invention Project® 6-9, a program from the National Inventors Hall of Fame®, as an at-home option! When you register your middle school innovator, all of the program materials will be shipped to you so that they can start engineering the clothing of the future, experimenting with the principles of flight, creating awesome robots and more. [invent.org/inventionproject](https://invent.org/inventionproject)

## For In-Person or At-Home Programs

Students who participate in the [Location] Invention Project® 6-9 program will build perseverance and discover valuable entrepreneurship skills, from prototype design to product launch. Sign up your middle schooler today to help them learn how they can turn their ideas into world-changing inventions. [invent.org/inventionproject](https://invent.org/inventionproject)
